

Achieving Operational Excellence

An invitation to meet the authors and share your Lean thoughts

- How can organisations in the Construction and Infrastructure sector achieve sustainable levels of improved performance?
- What do you have to do to get started?
- Is Lean thinking appropriate and how can you implement it successfully?

These questions and many more will be answered at the senior management workshops to be held at our head office on 24th August and 27th September.

The workshop is offered **free of charge** and is designed to create awareness and help executives decide how to get started and move forward with pace — you will also receive a complimentary copy of The CIRIA Guide.

Who should attend?

Operations Directors, Business Improvement Managers, Business Winning Directors and Programme Managers.

What's in it for you?

- Understand the concepts, language and fundamentals of Lean Thinking
- Network with others in the sector
- Decide how best to move forward

Bourton Group has a wealth of experience and expertise to help you deliver significant, measurable benefits whatever stage of the journey you have reached.

If you are interested in attending, or to find out more, please contact us:
